

Drew Eason, Executive Director of the Florida Dental Association, joined the Broward County Dental Association for its end of year meeting on May 12, 2014. Drew gave an update on FDA changes and discussed everything from the new FDA branding and new FDA(logo which was just revealed at the Florida National Dental Convention this past weekend) to the legislative successes of the year. Many were happy to hear that the non covered services legislation passed both the House and Senate and was awaiting signature by the Governor.

Drew covered a lot about the benefits of membership and the importance of all dentists belonging. It is difficult to remember all that membership in BCDA, ACDDA, FDA and ADA provides. To handle that, Drew asked everyone to think of the FDA like the Staples "Easy Button." If you have a concern or problem and have questions - don't use your very valuable time looking for the answers. **Start by calling the FDA** - there is a good chance they or one of the other layers of organized dentistry can help!

Just keep the 800 number handy: 800-877-9922.

Thank for being a member and supporting your profession!
